Steel Parts General Purpose Cleaning Solution # 23103 (32 oz.)

This Raytech General Purpose Cleaner is a multi-purpose cleaning solution that is great for cleaning and degreasing metal parts.

WARNING: This product contains chemicals known to the State of California to cause cancer, birth defects, or other reproductive harm.

DIRECTIONS FOR USE: Shake gently before use. Protect from freezing.

- Usage: For Light Duty - Add 1/2oz. to 20oz. distilled water (40:1 ratio)
For Med. to Heavy Duty - Add 1oz. to 20oz. distilled water (20:1 ratio)
- Tap water can be used, however, distilled water will improve cleaning action and reduce water spots when drying.
- Rinse solution from parts with distilled water after cleaning, if needed.
If solution is clean, simply remove piece without rinsing and solution will provide some rust protection for parts until proper oiling can occur.
- Dry and oil parts immediately after rinsing, to prevent rust.
- Specifically designed to clean steel & stainless steel.

Do not use on non-anodized (bare) aluminum or other non-ferrous metals.

PRECAUTIONS:

- Do not ingest.
- May cause skin irritation. Wash residue from skin and clothing.
- First Aid: In case of eye contact, flush eyes with water and seek medical attention. If ingested, consult a physician.
- Keep out of reach of children.
- Contains Potassium Silicate (CAS# 1312-76-1) and Triethanolamine (CAS# 102-71-6)

IMPORTANT NOTICE TO PURCHASER:

This information is based on knowledge believed to be reliable and based on appropriate research and testing. It is offered in good faith, but without guarantee, as the use of this product is beyond control of the seller and/or manufacturer. The seller and Manufacturer make no warranty about the outcome of the product's use. User should read all directions and information provided before use.
